Session for students

Date & Time: Nov. 30 / 13:10-15:00

Venue: H418

Title

Language Learning and Wellbeing in the Age of AI

Abstract

This interactive workshop explores language learner wellbeing and its implications for everyday learning experiences. Drawing on research from the University of Graz, it introduces wellbeing literacy and invites students to consider practical ways of understanding and supporting their own wellbeing as language learners. Particular attention is given to the growing role of AI, including its potential benefits and possible short- and long-term effects on learner wellbeing.
